Commissioner of Patents
Washington, D.C. 20231

January 25, 2002

Sir:

In accordance with 37 C.F.R. § 1.825, Applicant's hereby submit the revised Sequence Listing for the above-referenced application in computer readable form and paper copy. The name of the file on the computer readable form is 100564-09021.txt.

The paper copy and computer readable copy enclosed herewith are the same.

The revised Sequence Listing replaces the originally filed Sequence Listing for this application, and contains the Sequence Listing disclosure from parent application No. 08/289,222. The revised Sequence Listing contains two amendments correcting typographical errors, namely,

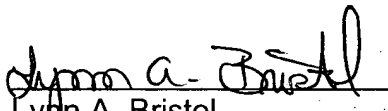

- the filing date of DE P 4423190.3 now reads 1994-07-01 instead of 1994-07-07 (see divisional application transmittal and oath/declaration); and

- the two, end terminal "T" residues have been deleted from the primer of SEQ ID NO: 11 to read (T)₁₆ instead of (T)₁₈ (for support, see page 15, line 8 of the specification). No new matter has been added, and entry and consideration of the revised Sequence Listing is requested.

In the event that this paper is not considered timely filed, applicant hereby petitions for an appropriate extension of time. If necessary, please charge any additional amounts or credit any overpayments to Direct Deposit Account Number 01-2300.

Respectfully Submitted,
